

May 14, 2002

**Mr. Doug Pritchard, President**  
**Student Movers, Inc.**  
6032 Fieldstone Dr.  
Baton Rouge LA 70809

Dear Doug,

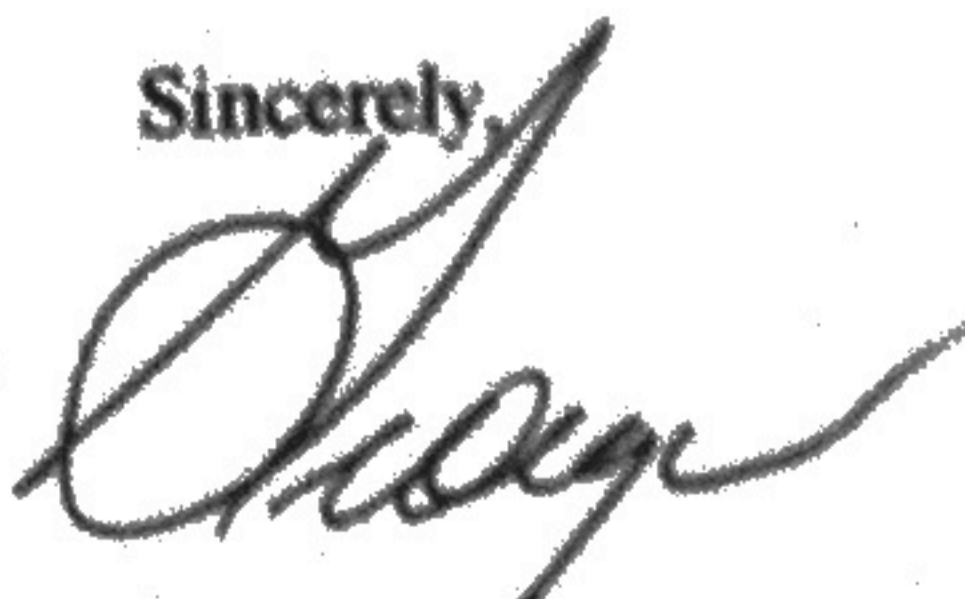

I am writing this to thank you and your crew for the successful move they you made for my wife and I on April 25, 2002. The crew that you sent did an excellent job, They were friendly but professional and very efficient.

In the move there was no damage, not even a scratch on any of my furnishings. They even moved a very old and fragile china cabinet with rounded glass without a problem. They were extremely careful with all our possessions. They moved large items down an "H" shaped hall without even as much as a minor mark on the wall or woodwork. They took apart beds, removed hoses etc. from the washer and dryer and after the move were all ready to use that night without a specific request.

I was also very impressed by the speed your at which the crew worked. There was no wasted time and they stayed at the job until it was completed. When on an hourly rate this is very important to me. Having moved some 35 times in the last 36 years of marriage, I have dealt with a number of national companies that were not nearly as efficient as Student Movers. I was in the retail business some 20 years and was moved as many as 3 times a year. Believe me, I do not plan on moving again. However, I will recommend Student Movers to anyone that is planning a move. In fact, I already have. Please send me a few cards to hand out.

Thank you and your crew again for a great move.

Sincerely,

**GEORGE E. ADAMS**
