

April 3, 2014

Student Movers Inc.  
6032 Fieldstone Drive  
Baton Rouge, LA 70809

Attention: Ryan Pritchard

Dear Ryan,

KME-Baton Rouge would like to express our satisfaction with the services Student Movers provided us on March 28, 2014. This was a large move for us, and the guidance you provided with ways to make the move run as smoothly as possible made the packing and prepping process much easier for us.

I'd also like to thank you and your crew for your punctuality, professionalism, helpfulness, and efficiency displayed on moving day. I greatly appreciated that your men arrived and went straight to work, without wasting any time whatsoever in loading and unloading. They also took great care so as not to damage any of our furniture or office technologies.

We couldn't be more pleased with the way the move went, and we would highly recommend Student Movers to anyone looking for your type of services. Should another move be in our future, KME will contact you without hesitation.

Again, thank you for your professional services.  
We look forward to working with you again in the future.

Sincerely,  
KALMANS MARSHALL ENGINEERING, INC.
